

Solution TD 01

Exercice 1

- Diagramme 1

- Diagramme 2

- Diagramme 3

Exercice 2

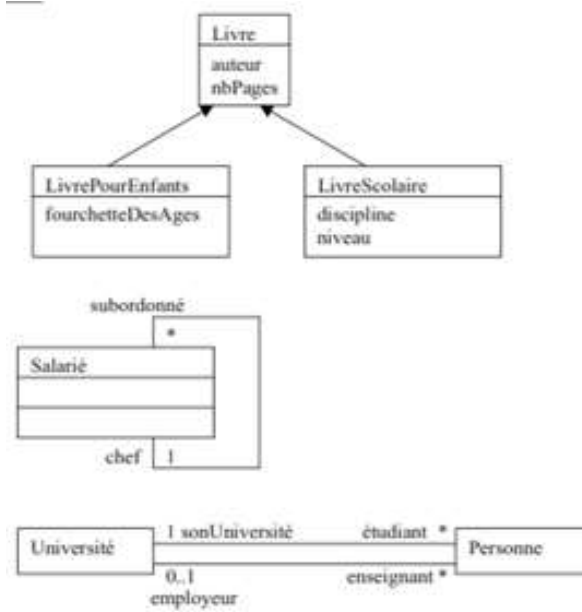

- généralisation
- composition
- Association
- généralisation

Exercice 3

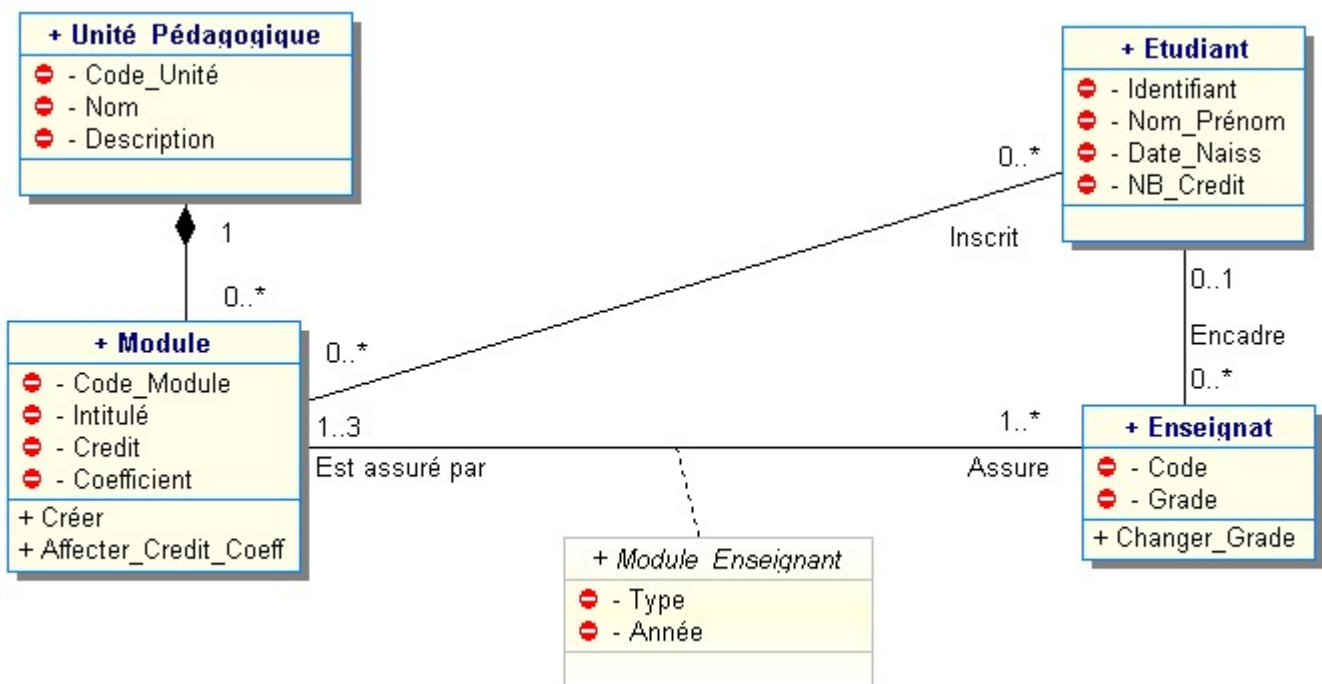

```

Personne
-----
nom : String
prenom : String
sexe : String
salaire : float
autresRevenus : float
coef Salaire : float = 0.2
coef Autres : float = 0.15
decide' : boolean = false
-----
calculRevenus(): float
calculCharges(): float
getNom(): String
getPrenom(): String
getSexe(): String
Personne(nom: String, sexe: String)
setNom(String):
    
```

Exercice 4

Exercice 5

Exercice 6
