Presentation

Business management is of great interest in our world today because of the relative importance of these resources compared to other resources, due to their effective role in all production, sales, administrative, financial and other processes. Rapid developments in the field of industries, services and technology have led to tangible changes in the designs of the organizational structure of organizations, and thus in their needs for human resources. These lessons included six topics, these lessons correspond to the formal business English course and also include additional topics in addition to the formal course.

Topic titles

Topic 01: ENVIRONMENTAL ANALYSIS OF HR

Topic 02: STRATEGIC ANALYSIS OF HR

Topic 03: HR PLANNING IN MERGERS AND ACQUISITIONS

Topic 04: CHALLENGES OF STRATEGIC PLANNING

Topic 05: PROBLEMS AND SOLUTIONS FOR SOME CASE STUDIES

Topic 06: GLOSSARY OF TERMS FOR HRM
